Mansardendach mit Schopf

Fußwalmdach

# 1) Roof forms

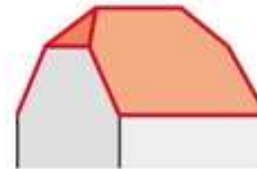

Satteldach

Mansarddach

Walmdach

Krüppelwalmdach

- saddle roof
- hipped roof

- mansard roof
- half-hipped roof

- 
- Illustration of objects with the same **roof forms**

saddle roof

# hipped roof

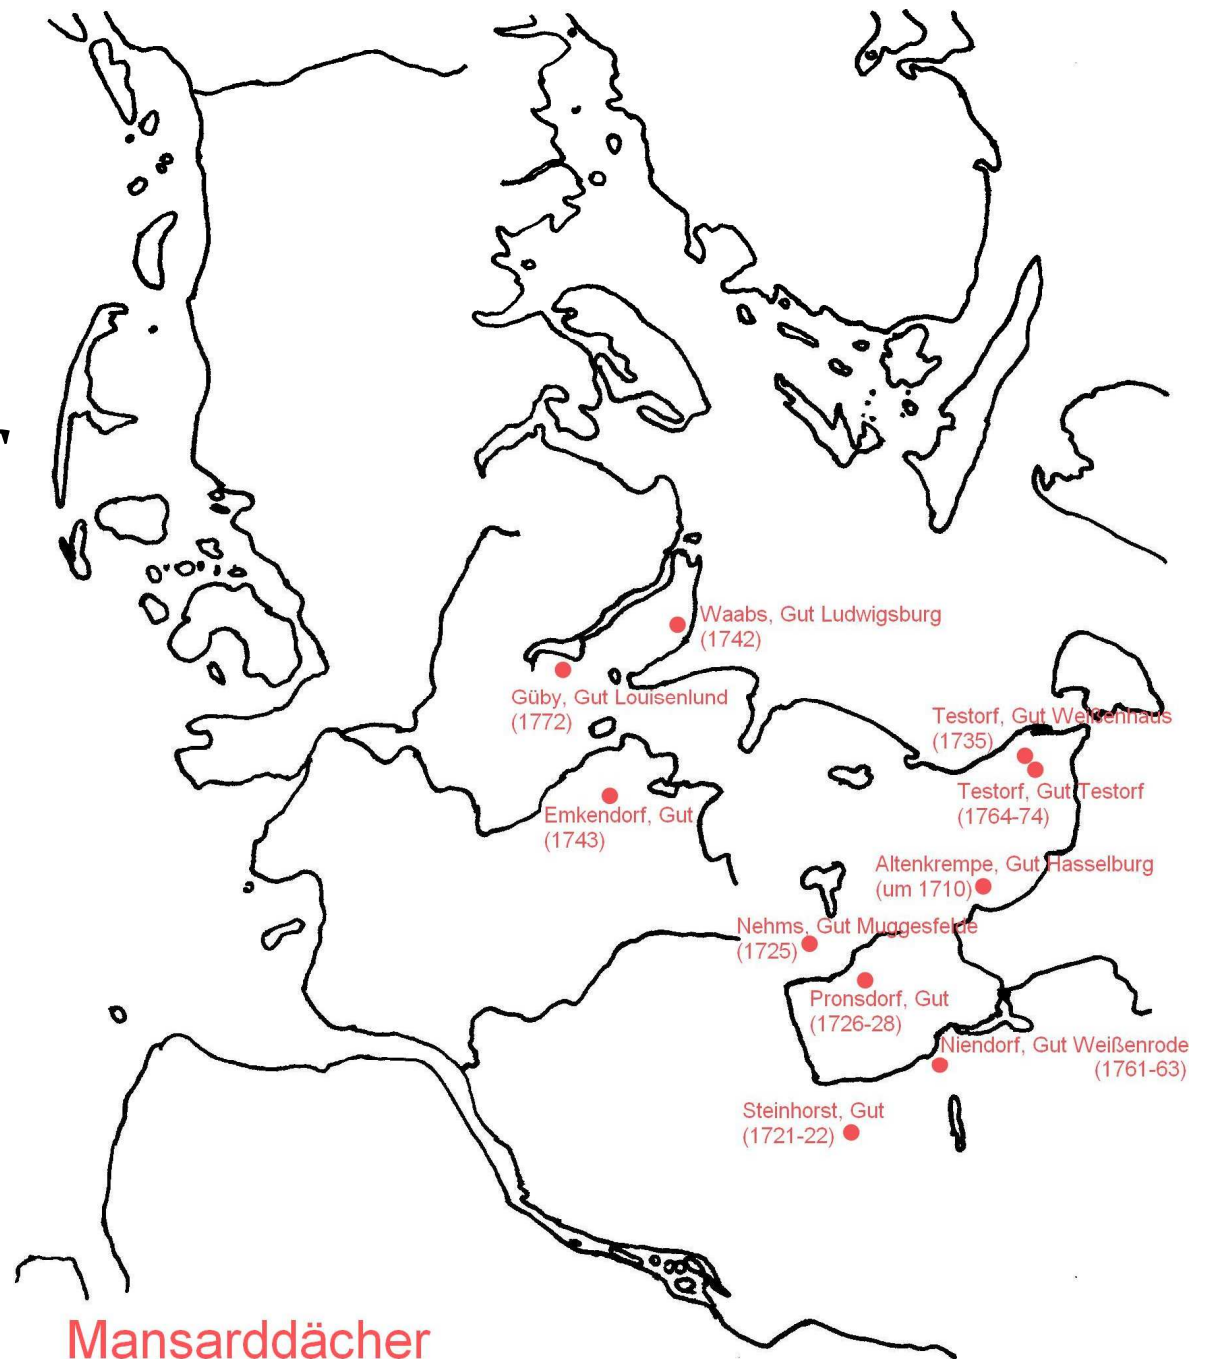

# half-hipped roof

# mansard roof

Mansarddächer

- 
- Illustration of objects with the same **construction phases**

construction period I  
(1690-1719)

construction period II

**(1720-1749)**

construction period III

(1750-1779)

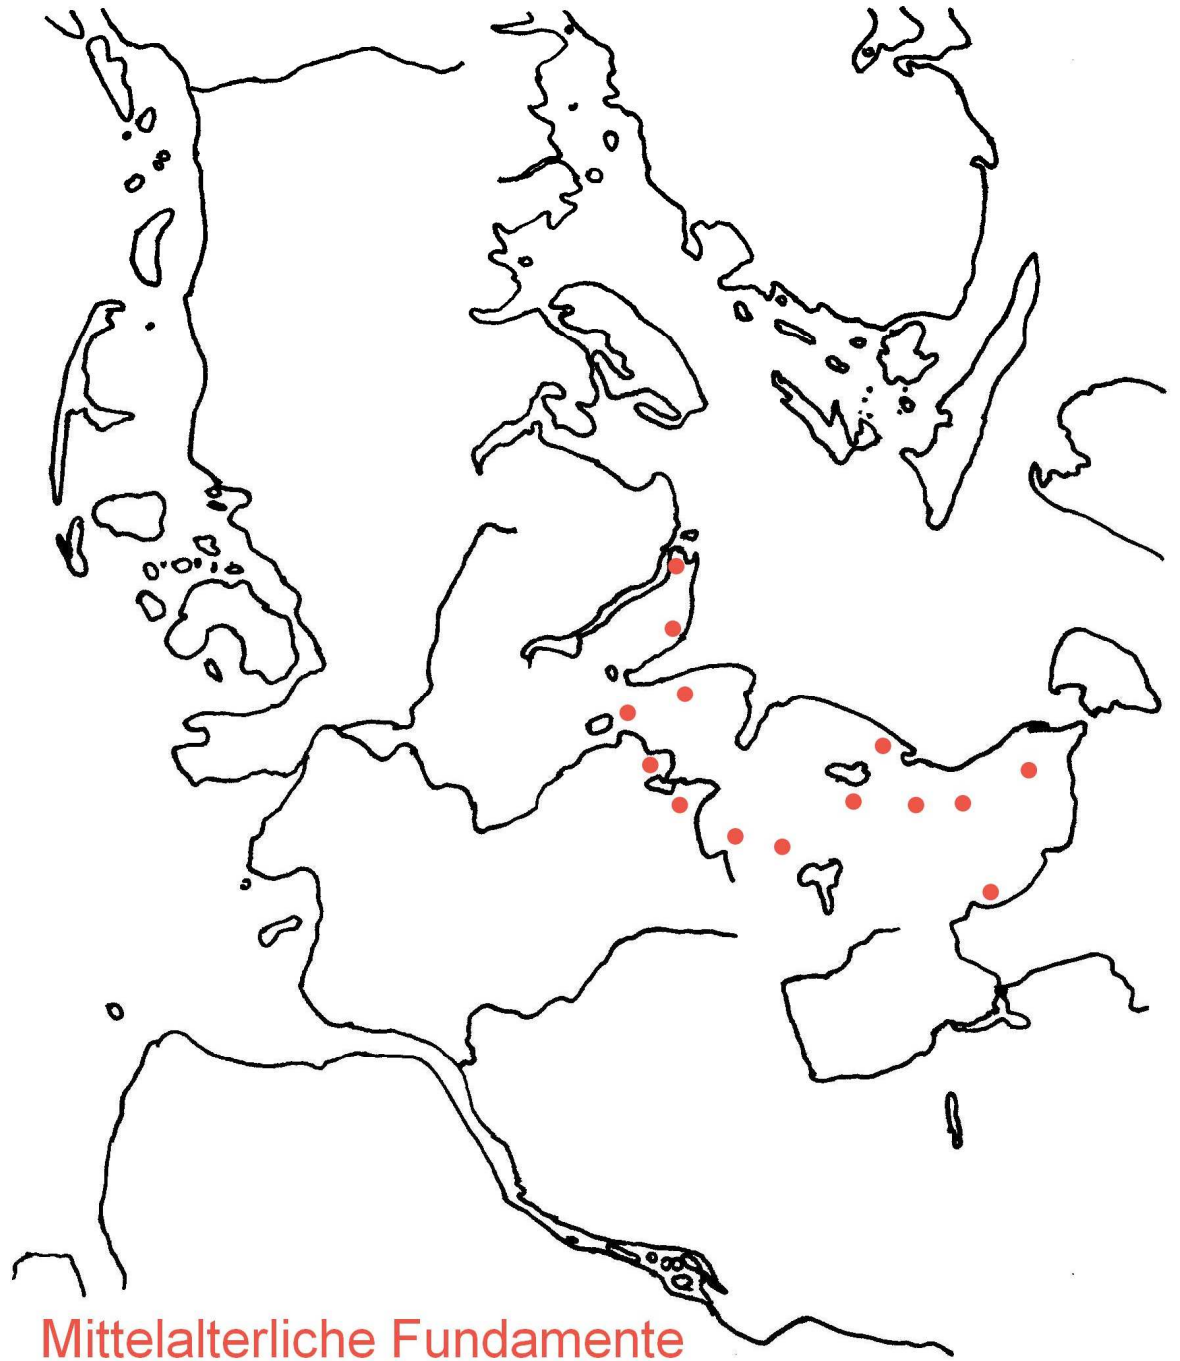

Bauphase (1750-1779)

## 2) Plans / foundation

- Many of the investigated objects existed even in the Middle Ages
  - earlier buildings were often
    - extended
    - overbuilt
  - or
  - destroyed

Mittelalterliches Doppelhaus als Fundament

Mittelalterliche Fundamente

Mittelalterliche Fundamente

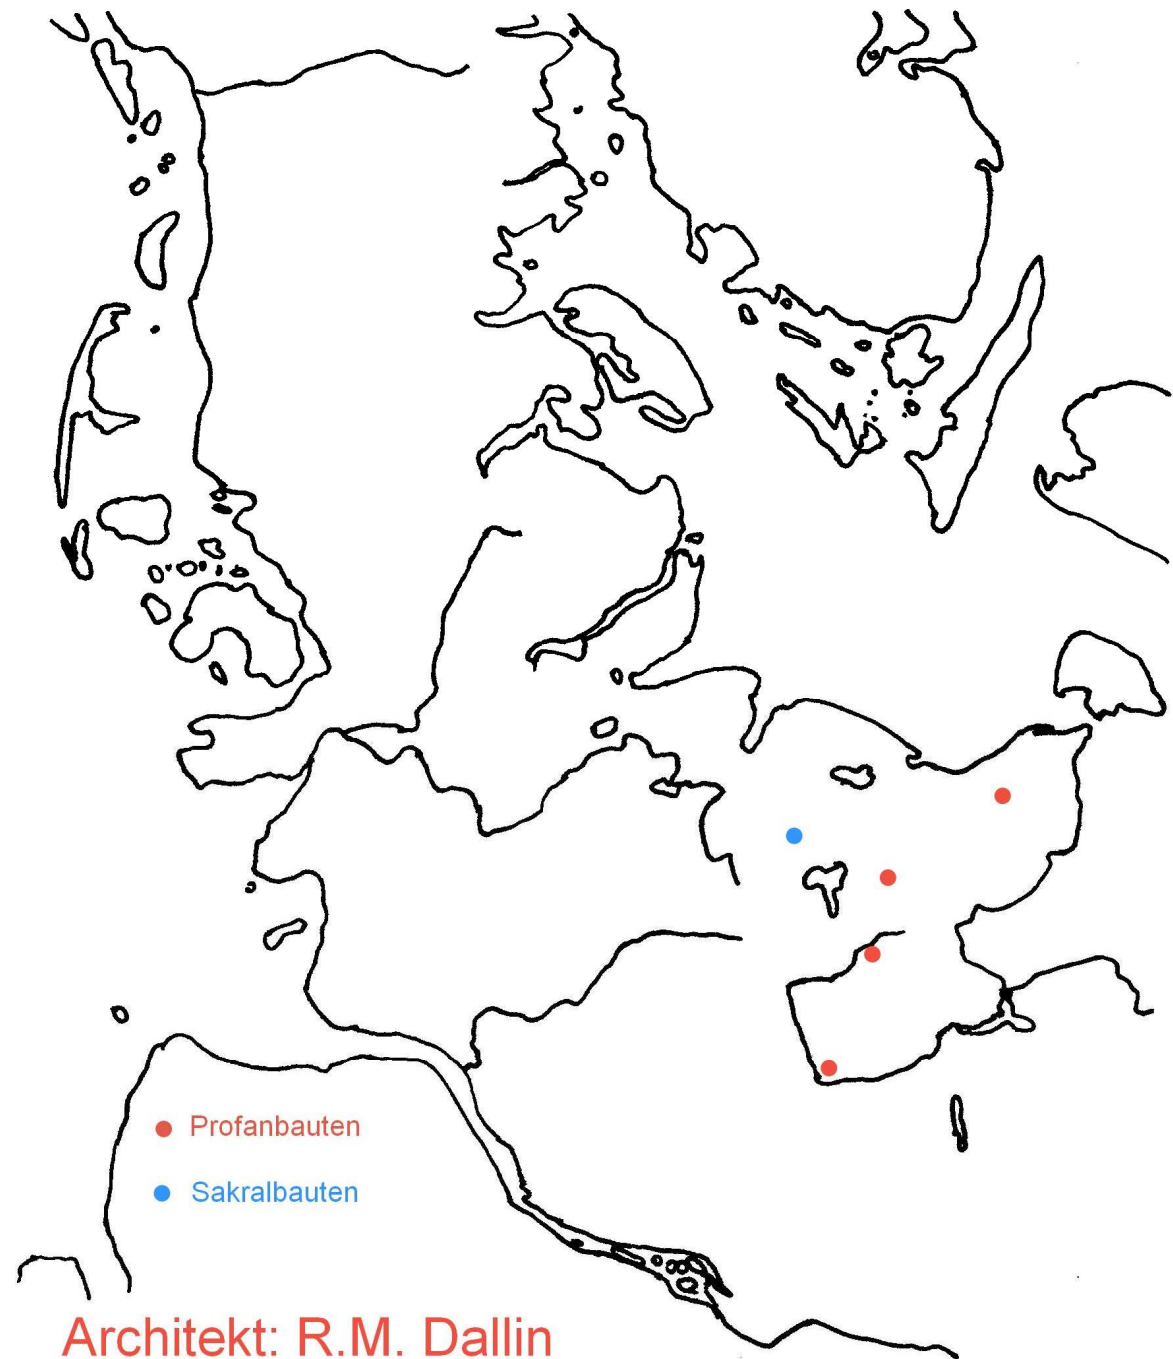

# 3) Architects (networks)

- Various points of interest
  - religious buildings (dt.: *sakrale Bauten*)
  - civil buildings (dt.: *profane Bauten*)
  - *both*
- Construction activities
  - regional, concentrated
  - anywhere in the country

# Rudolph Matthias Dallin

(~1680-1743)

civil buildings  
religious buildings

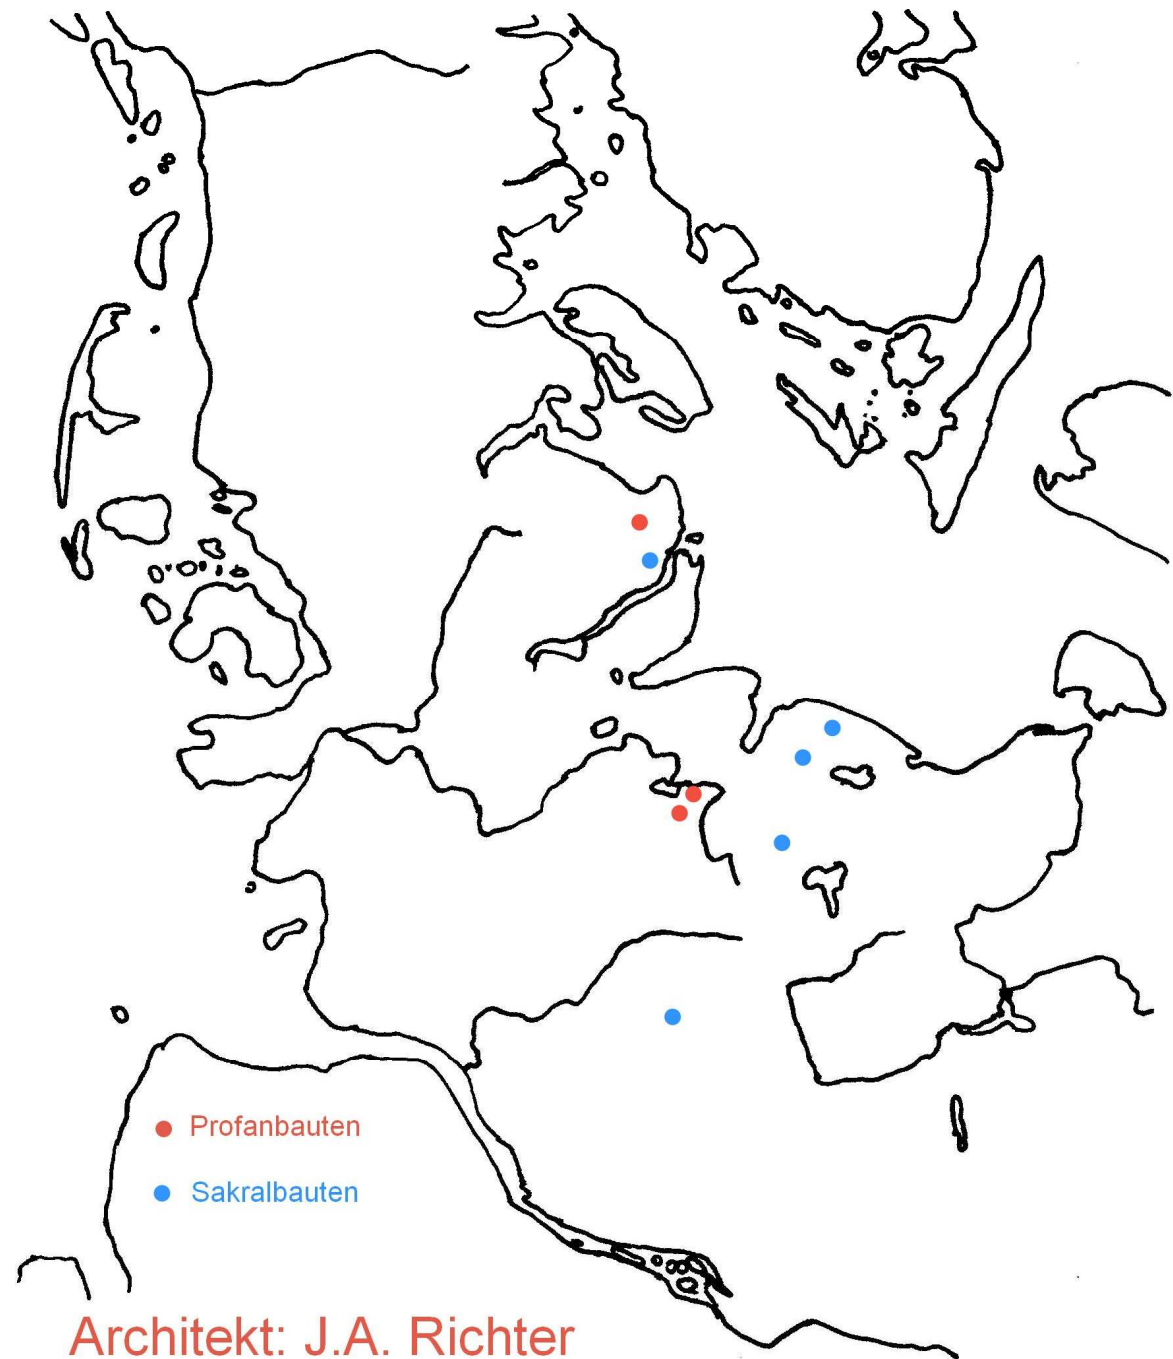

# Georg Greggenhofer (1718/19 - 1779)

civil buildings  
religious buildings

# J. A. Richter

civil buildings  
religious buildings

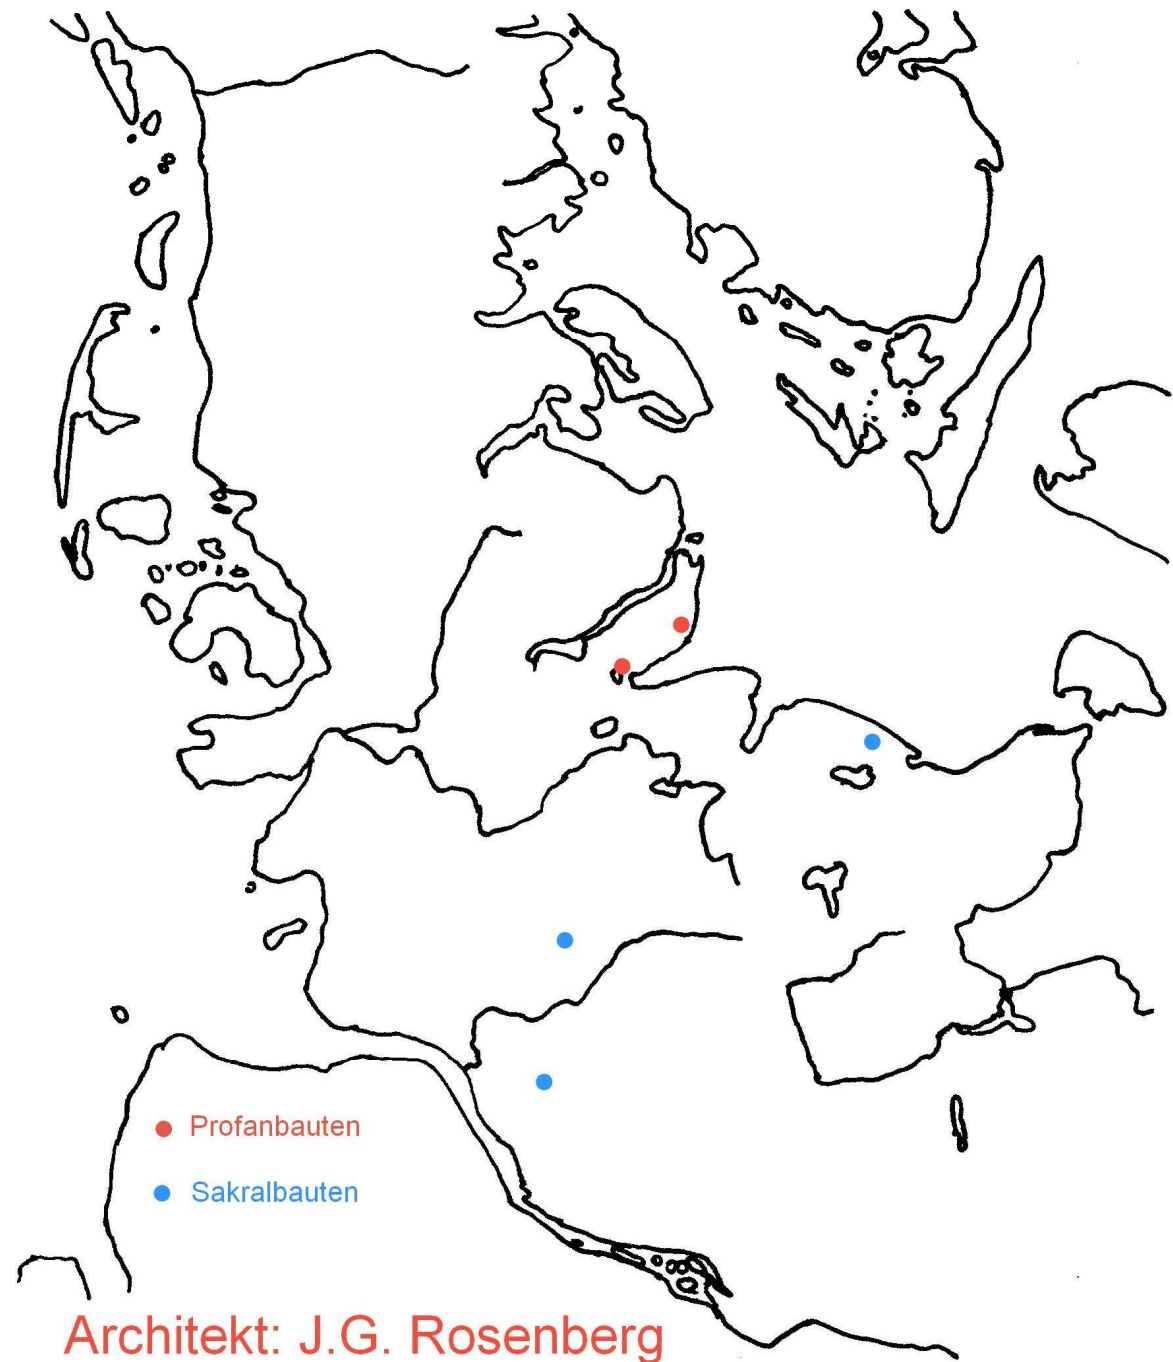

# Johann Gottfried Rosenberg

(1709 – 1776)

civil buildings

religious buildings

**J.G. Schott**

civil buildings

religious buildings

**Architekt: J.G. Schott**

## 4) Summary

- Possible forms of presentation of the atlas:
  - according to different aspects
    - according to the **same architects**
    - after the **years of construction**
    - *and much more*
- interesting is the fact that the most of the buildings are on the east of the country
